Side Project

Sep 2024 - Now

Hand Gesture Control

Real-time hand detection and tracking, and then control the computer mouse based on hand gesture identified in the live video stream.

Using OpenCV for video input processing, MediaPipe for real-time hand landmark detection and tracking, and further processing landmarks to enable computer mouse control with PyAutoGUI.

Professional certificates

Aug 2024

OpenCV Bootcamp
OpenCV University

- Image manipulation and feature detection using OpenCV

Aug 2024

Certificates in Machine Learning
Kaggle

- Computer Vision, Feature Engineering, Intro to Deep Learning, etc.
- Fundamentals of machine learning, built a CNN with Keras

Dec 2023 - Now

CS50's Intro to Programming with Python
Harvard University | edX

- Practice of writing unit tests, and OOP for organized and reusable code structures

Feb 2024 - Now

Django for Everybody Specialization (2/4)
University of Michigan | Coursera

- Fundamentals of building a website using Django

Personal Website

○ GitHub.io

Education

2019 – 2023

B.Sc. in Physics
The Chinese University of Hong Kong

Experience

Jul 2024 - Now

Junior Export Operation
Charter Link

Supported senior team with export tasks, learning about shipping and communication with global clients.

Aug 2022 - Dec 2022

Student Researcher
The Chinese University of Hong Kong

Molecular Dynamics simulations and applications on SARS-CoV-2 study, I gained insights into the significance of programming in scientific research.

Skills

Language:
Cantonese / English / Mandarin / Japanese (Limited)

Programming:
Python / SQL / C / LaTeX

Most-used:
mediapipe / cv2 / keras / sklearn / pandas / seaborn / matplotlib
